

Hi-Care E Drawers

Drawers & bins for every need

convergent[®] | innovative
medical

Storage offerings include hundreds of drawer options to facilitate efficiency for healthcare professionals. Available with smaller medication bins to larger storage drawers, there is a solution for every area of the hospital. Electronic locking is standard with Med Manager software to control user access PIN codes. A second layer of Narc Locking available. A modular design with cassettes facilitates easy filling and swapping of drawers for changing work flows. Contact us today to find the customized solution that works for your staff.
