

# Non-Powered Carts: Best in class solutions at an affordable price

convergent<sup>®</sup> | innovative  
medical

**Affordable. Lightweight. Durable.** Carts for clinics, hospitals, anywhere you need a laptop or tablet solution. We offer a full line of non-powered laptop carts for charting, rounding, and to improve patient care. Laptops and tablets are great for mobile computing - until you carry one all day and juggle other items at the same time. These mobile computer carts are just the thing to help with EMR entry at the point of care.

## Cart features

- ✓ Sturdy, cleanable and **durable construction**, designed to last.
- ✓ **Service, support** and preventative maintenance options to protect your fleet investment
- ✓ Offering a **complete line of non-powered solutions** for laptops, tablets, and optional display mounts
- ✓ Small footprint, **slim profile** fits into small spaces
- ✓ Sit-to-stand height **adjustability** offers all users proper ergonomics
